INFORMATION ON THE FUNDS (CONT'D)

Investment Approach	Top-down approach is employed to manage exposures to each of the asset classes bearing in mind the risk-reward profile of the respective asset class.	
	Depending on the market outlook, the fund has the flexibility to rebalance its asset allocation between the different asset classes accordingly. The fund may increase its Shariah-compliant shares or Shariah-compliant securities equivalent to shares exposure to up to 98% of its NAV when the market outlook is positive. However, the fund may lower its Shariah-compliant shares or Shariah-compliant securities equivalent to shares exposure and increase its investment in sukuk, Islamic money market instruments and Islamic deposits if the investment climate is deemed to be unfavourable.	
	Shariah-compliant shares or Shariah-compliant securities equivalent to shares	Bottom-up approach in Shariah-compliant shares or Shariah-compliant securities equivalent to shares selection process which relies on fundamental research where the financial health, industry prospects, management quality and past track records of companies are assessed.
	Islamic collective investment schemes	The suitability of the Islamic collective investment scheme will be evaluated to ensure that the investment strategies of the said Islamic collective investment scheme are aligned to the fund's investment strategies and objective.
	Sukuk and Islamic money market instruments	The asset allocation between long-tenured and short-tenured sukuk and Islamic money market instruments will depend on economic growth, interest rate trends and market liquidity conditions.

1.2 RISK FACTORS

General Risks

1. **Market risk:** Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the fund's NAV.
2. **Liquidity risk:** Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the fund holds assets that are illiquid, or are difficult to dispose of, the value of the fund will be negatively affected when it has to sell such assets at unfavourable prices.
3. **Manager risk:** This risk refers to the day-to-day management of the fund by the fund manager which will impact the performance of the fund. For example, investment decisions undertaken by the fund manager pertaining to asset allocation and security selection which may not be in line with market movements, or non-conformance with regulations and internal policies and procedures, may adversely affect the performance of the fund.
4. **Loan/Margin financing risk:** This risk occurs when investors take a loan/margin financing to finance their investment. The inherent risk of investing with borrowed/financed money includes investors being unable to service the loan repayments/financing payments. In the event units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower NAV per unit as compared to the NAV per unit at the point of purchase towards settling the loan/financing.

The Manager does not encourage the practice of loan/financing in the purchase of unit trust funds.

5. **Counterparty risk associated with OTC Islamic derivatives:** The use of OTC Islamic derivatives involve counterparty risk arising from counterparties' default or a decline in the counterparties' credit rating which may have adverse impact on the NAV of the fund. In such circumstances, efforts will be taken to liquidate the Islamic derivative position.

Specific Risks of the Funds

Equity, Mixed Asset and Balanced Funds

1. **Specific security risk:** Prices of a particular security may fluctuate in response to the circumstances affecting individual companies. As such, adverse price movements of a particular security invested by the fund may adversely affect the fund's NAV and unit price.
2. **Interest rate risk:** Interest rate risk refers to the impact of interest rate changes on the valuation of sukuk, Islamic money market instruments and Islamic deposits. When interest rates rise, prices of sukuk generally decline and this may lower the market value of the fund's investment in sukuk. The reverse applies when interest rates fall. The returns of the fund's investments in Islamic money market instruments and Islamic deposits move in tandem with interest rates. A decline in interest rates will lower the returns of the fund's investments in Islamic money market instruments and Islamic deposits. For example, when interest rates fall, Islamic deposit placements would be reinvested at lower interest rates and subsequently yield lower returns to the fund.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

INFORMATION ON THE FUNDS (CONT'D)

3. **Credit risk:** Credit risk relates to the creditworthiness of the issuer of the sukuk or Islamic money market instruments and Islamic deposits which is dependent on the issuer's ability to make timely payments of profit or principal. In the event that the issuer of a sukuk or Islamic money market instruments and Islamic deposits defaults in the payment of profit and/or principal, the value of the fund may be adversely affected.
4. **Currency risk:** If the fund invests in assets denominated in foreign currency, the fund may be exposed to currency fluctuation risks. If the currencies in which the investments are denominated depreciate against the local currency, the fund's NAV may be adversely affected and vice versa. To mitigate such risk, the fund may undertake hedging strategies. However, the fund would not benefit from any potential upside if currencies move in the opposite direction of the hedging strategy.
5. **Country risk:** Funds with foreign investment may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the country in which the fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the fund in those affected countries. This in turn may cause the NAV of the fund or prices of units to fall.
6. **Industry/Sector risk:** Industry/sector risk arises when the fund is predominantly invested in specific industries or sectors. Due to the reduced degree of diversification by industries/sectors, the fund may be more vulnerable to factors associated with the particular industries/sectors it is invested in.
 - For PelPE40F, any material changes associated with the sectors that the fund invests in may have an adverse impact on the NAV of the fund.
 - For PelSITF, any material changes associated with the technology sector may have an adverse impact on the NAV of the fund.
7. **Risk of non-compliance with Shariah requirements:** This risk refers to the risk that the currently held Shariah-compliant shares in the fund may be reclassified as Shariah non-compliant in the periodic review of the shares by the SACSC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose such shares. There may be opportunity loss to the fund due to the fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant shares. The value of the fund may also be adversely affected in the event of a disposal of Shariah non-compliant shares at a price lower than the investment cost. *(Please refer to page 46 for Purification Process for The Funds.)*
8. **Risk associated with investments in Shariah-compliant warrants:** The market price of Shariah-compliant warrants held by the fund will depend on the current market price of the underlying security, the exercise price of the Shariah-compliant warrants and the time to expiration of the Shariah-compliant warrants. Such investments may experience time decay, and the erosion of value accelerates as the Shariah-compliant warrant approaches its expiry date. Any adverse movements in the market price of the Shariah-compliant warrants may impact the fund's NAV and unit price.
9. **Concentration risk:** Concentration risk arises when the fund's investments are concentrated in a limited number of stocks as in the case of PelPE40F. As such, adverse price movements of stocks invested by the fund may have a greater impact on the value of the fund compared to funds which invest in a larger portfolio of stocks.
10. **ESG investment risk:** PelSMF invests in Shariah-compliant ESG securities. During the periodic review undertaken by the Manager, a security currently held by the fund may be reclassified as non ESG compliant and may impact the ESG considerations of the fund. If this occurs, the Manager will take the necessary steps to dispose its holdings of the security as disclosed in PelSMF's investment approach and reinvestments will be made to ensure, at least two thirds (2/3) of PelSMF's NAV is invested in instruments that are subject to ESG considerations.

INFORMATION ON THE FUNDS (CONT'D)

Sukuk/Fixed Income Funds

1. **Interest rate risk:** Interest rate risk refers to the impact of interest rate changes on the valuation of sukuk, Islamic money market instruments and Islamic deposits. When interest rates rise, prices of sukuk generally decline and this may lower the market value of the fund's investment in sukuk. The reverse applies when interest rates fall. The returns of the fund's investments in Islamic money market instruments and Islamic deposits move in tandem with interest rates. A decline in interest rates will lower the returns of the fund's investments in Islamic money market instruments and Islamic deposits. For example, when interest rates fall, Islamic deposit placements would be reinvested at lower interest rates and subsequently yield lower returns to the fund.
2. **Credit risk:** Credit risk relates to the creditworthiness of the issuer of the sukuk or Islamic money market instruments and Islamic deposits which is dependent on the issuer's ability to make timely payments of profit or principal. In the event that the issuer of a sukuk or Islamic money market instruments and Islamic deposits defaults in the payment of profit and/or principal, the value of the fund may be adversely affected.
3. **Currency risk:** If the fund invests in assets denominated in foreign currency, the fund may be exposed to currency fluctuation risks. If the currencies in which the investments are denominated depreciate against the local currency, the fund's NAV may be adversely affected and vice versa. To mitigate such risk, the fund may undertake hedging strategies. However, the fund would not benefit from any potential upside if currencies move in the opposite direction of the hedging strategy.
4. **Country risk:** Funds with foreign investment may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the country in which the fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the fund in those affected countries. This in turn may cause the NAV of the fund or prices of units to fall.

Risk Management Strategies

Equity, Mixed Asset and Balanced Funds

Asset allocation, liquidity management and diversification strategies employed are central to the efforts to manage the risks posed to the fund.

To mitigate risks arising from significant volatilities in times of adverse market movements, foreign currency exposure and foreign interest rate movements, the fund may employ hedging strategies utilising Islamic derivatives such as futures contracts, foreign exchange forward contracts and options (approved by the Shariah Adviser of the fund).

Investments in Shariah-compliant warrants will be assessed on ongoing basis as it can potentially increase the volatility of the fund's returns.

To manage credit risk, credit analysis is conducted and credit rating of financial institutions or sukuk issuers is monitored on an ongoing basis. The fund will focus on Shariah-compliant securities issued by companies with sound financial position whereby gearing ratio and interest cover ratio are within acceptable levels of the industry in which the issuer company operates.

Sukuk/Fixed Income Funds

The risk management process focuses on managing the impact of changes in the interest rate trend and credit risk profile of the issuer of sukuk.

The fund manager will adopt various investment strategies which include portfolio diversification and varying the asset allocation between the long-tenured and short-tenured sukuk and Islamic money market instruments to adjust the risk and return characteristics of the fund. To manage credit risk, credit analysis is conducted and credit rating of financial institutions or sukuk issuers is monitored on an ongoing basis. The fund will focus on securities issued by companies with sound financial position whereby gearing ratio and interest cover ratio are within acceptable levels of the industry in which the issuer company operates.

INFORMATION ON THE FUNDS (CONT'D)

To mitigate risks arising from foreign currency exposure and foreign interest rate movements, the fund may employ hedging strategies utilising Islamic derivatives such as futures contracts, foreign exchange forward contracts and options (approved by the Shariah Adviser of the fund).

Liquidity Risk Management

Prudent liquidity management such as cash flow and redemption monitoring (for example, single customer exposure, risk appetite limit on redemption rate* and liquidity stress test) is in place to ensure that the funds maintain reasonable levels of liquidity to meet any redemption request.

Under exceptional circumstances where the market value or fair value of a material portion of the funds' assets cannot be determined (which include but not limited to the closure of a securities exchange or trading restrictions on a securities exchange and an emergency or other state of affairs whereby there is no price discovery which impact a material portion of the fund's NAV), as the last recourse, the Manager may consult trustee to suspend dealing in units. This measure is taken when there is good and sufficient reason to do so, considering the interest of unitholders.

If suspension of redemption is imposed, unitholders of the fund would be unable to redeem the units they had invested in the fund temporarily. The unitholders will have to remain invested in the fund, as well as continue to be subjected to the risks inherent to the fund during the suspension period. Regulatory authorities and unitholders will be informed in the event a redemption suspension period is imposed and that the suspension will cease as soon as practicable and in any event, within 21 days (or any other period as may be determined by the SC) of the commencement of suspension. The period of suspension may be extended only if it is in the best interest of the unitholders and will be reviewed on a weekly basis by the fund's trustee.

** Risk appetite limit on redemption rate is a risk indicator to monitor the average redemption rate against the internal risk threshold/limit set.*

1.3 PERMITTED INVESTMENTS

The Manager has absolute discretion, subject to the Deed, the investment policy for each of the funds and the requirements of the SC and other regulatory body, as to how the assets of the funds are invested. The funds will invest in instruments that have been classified as Shariah-compliant by the SACSC and SAC BNM. For instruments that are not classified as Shariah-compliant by the SACSC and SAC BNM, the Shariah Adviser will determine whether the instruments are Shariah-compliant for investment by the funds.

Equity, Mixed Asset and Balanced Funds

- (a) The funds will invest in the following:
 - i. Shariah-compliant transferable securities;
Note: PeISMF will only invest in Shariah-compliant shares or Shariah-compliant securities equivalent to shares.
 - ii. Islamic deposits with licensed domestic and foreign financial institutions;
 - iii. Islamic money market instruments;
 - iv. Units or shares of other Islamic collective investment schemes; and
 - v. Any other form of Shariah-compliant investments which is in line with the objective of the funds as may be agreed upon by the Manager and the trustee from time to time.
- (b) PeIPE40F, PeISITF, PeIATGF, PeIGRF, PeIFAF and PeMZSF will also invest in unlisted Shariah-compliant shares.
- (c) The funds will utilise Islamic derivatives that are either listed or quoted on a stock exchange, or dealt in the OTC market (for hedging purpose only).

The three-month period may be extended if it is in the best interest of unitholders and trustee's consent is obtained. Such extension must be subject to at least a monthly review by the trustee.

Such limits and restrictions, however, do not apply to securities that are issued or guaranteed by the Malaysian Government or Bank Negara Malaysia.

Note: The investment restrictions and limits of the funds may be subject to changes as may be determined by the SC from time to time, the effective date of which shall be determined by the Manager.

1.5 VALUATION OF PERMITTED INVESTMENTS

The permitted investments of the funds are fairly valued based on the following valuation methods:

Listed Shariah-compliant shares or Shariah-compliant securities equivalent to shares – valuation is based on the official closing price or last known transacted price on the Eligible Market on which the investment is quoted. If the price is not representative or not available to the market, the securities will be valued at fair value, as determined with due care and in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

Unlisted Shariah-compliant shares – fair valuations which are based on methods that are acceptable to the Manager and approved by the trustee.

Listed and unlisted sukuk (including Islamic commercial papers) – for listed sukuk, valuation is based on the official closing price or last known transacted price on the Eligible Market on which the investment is quoted.

In the case of unlisted sukuk (including Islamic commercial papers) denominated in RM, valuations are carried out on a daily basis using fair value prices quoted by a Bond Pricing Agency (BPA) registered with the SC. Other foreign unlisted sukuk are valued daily based on fair value by reference to the average indicative yield quoted by independent and reputable institutions.

If the valuations are not representative or not available to the market, the sukuk will be valued at fair value, as determined with due care and in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

Islamic money market instruments (excluding unrestricted investment accounts) – Islamic money market instruments which include negotiable Islamic debt certificate are valued at market yields based on the remaining days to maturity.

Unrestricted investment accounts and Islamic deposits with financial institutions – the value of such investments shall be determined on a daily basis by reference to their principal value and the accrued profit thereon for the relevant period.

Units or shares in other Islamic collective investment schemes – for unlisted Islamic collective investment schemes, valuation is based on last published repurchase price. For listed Islamic collective investment schemes, valuation is based on market price of the respective exchanges. If no market price is available or valuation based on market price does not represent the fair value of investments, the shares will be valued at fair value, as determined with due care and in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

Foreign exchange forward contracts approved by the Shariah Adviser of the funds – all foreign exchange forward contracts approved by the Shariah Adviser of the funds are marked-to-market daily and valued at fair value using forward rate of the remaining tenure to maturity.

INFORMATION ON THE FUNDS (CONT'D)

Futures contracts approved by the Shariah Adviser of the funds – all futures contracts approved by the Shariah Adviser of the funds are marked-to-market at the end of each trading day. Any gains or losses are immediately reflected upon marking to market.

Suspended Shariah-compliant securities – will be valued at their suspended price unless there is conclusive evidence to indicate that the value of such stocks have gone below the suspended price, whereupon their value will be ascertained in a manner as agreed upon by the Manager and trustee.

All Shariah-compliant foreign securities and Islamic assets are converted into RM based on the bid exchange rate quoted by Refinitiv (formerly known as Thomson Reuters)/Bloomberg at United Kingdom time 4:00 p.m. the same day.

1.6 SHARIAH SCREENING PROCESS FOR THE FUNDS

Listed/unlisted Shariah-compliant shares

For domestic listed Shariah-compliant shares, reference is made to the list of Shariah-compliant securities issued by the SACSC on a half-yearly basis. For domestic unlisted Shariah-compliant shares, the Shariah Adviser applies the two-tier quantitative approach based on the business activity and financial ratio benchmarks in determining the Shariah status of the shares as per the *List of Shariah-compliant Securities by the SACSC*.

Investments in unlisted Shariah-compliant shares in the domestic and foreign markets will be selected in accordance with the shares classified as Shariah-compliant by the Shariah Adviser. For Shariah-compliant shares to be reviewed by the Shariah Adviser, the fund manager will first identify the Shariah-compliant shares which fulfil their investment criteria. All the relevant documents with the latest information pertaining to the business activities, financial statements and other related information will be submitted to the Shariah Adviser for Shariah stock screening process which involves both quantitative and qualitative analysis.

For business activity benchmark, the Shariah Adviser will determine if the contribution of Shariah non-compliant activities to the Group revenue or Group profit before taxation of the company will be computed and compared against the relevant business activity benchmarks as follows:

(i) The 5% benchmark

The 5% benchmark is applicable to the following businesses/activities:

- conventional banking and lending;
- conventional insurance;
- gambling;
- liquor and liquor-related activities;
- pork and pork-related activities;
- non-halal food and beverages;
- tobacco and tobacco related activities;
- interest income* from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator);
- dividends* from Shariah non-compliant investments;
- Shariah non-compliant entertainments; and
- other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the Group revenue or Group profit before taxation of the company must be less than 5%.

Note: Interest income and dividends from Shariah non-compliant investments will be compared against the Group revenue. However, if the main activity of the company is holding of investments, the dividends from Shariah non-compliant investments will be compared against the Group revenue and Group profit before taxation.

(ii) The 20% benchmark

The 20% benchmark is applicable to the following businesses/activities:

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

INFORMATION ON THE FUNDS (CONT'D)

- share trading;
- stockbroking business;
- rental received from Shariah non-compliant activities; and
- other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the Group revenue or Group profit before taxation of the company must be less than 20%.

For financial ratio benchmark, the Shariah Adviser will determine if the financial ratios (i.e. debt over total assets and cash over total assets ratio is less than 33%) of the companies, comply with the financial ratio benchmarks. For cash over total assets, cash only includes cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments is excluded from the calculation. For debt over total assets, debt only includes interest-bearing debt whereas Islamic financing or sukuk is excluded from the calculation. In addition to the above two-tier quantitative criteria, the Shariah Adviser also takes into account the qualitative aspect which involves public perception or image of the company's activities from the perspective of Islamic teaching.

For foreign listed Shariah-compliant shares, reference is made to the list of the approved Islamic indices on a monthly basis. For the funds' investments in listed and unlisted shares in the foreign markets which are not within the list of the approved Islamic indices, the Shariah Adviser applies the two-tier approach which applies the sector-based and accounting-based screens, in determining the Shariah status of the shares. For sector-based screens, core business activities related to advertising and media, alcohol, cloning, conventional banking and insurance, gambling, pork, pornography, tobacco and trading of gold and silver as cash on deferred basis will not be appropriate for Islamic investment purpose. For accounting-based screen, the Shariah Adviser will determine if the conventional debt ratio, conventional cash ratio, account receivable ratio and non-permissible income ratio of the company's financial position comply with the financial thresholds as approved by the Islamic indices subscribed by the funds. These benchmarks may vary in accordance with the development of Islamic capital markets and the jurisdiction of the Islamic indices providers that are being referred to. Should any of the calculation fail to satisfy the financial benchmark, the Shariah Adviser will not accord Shariah-compliant status for the shares. To ensure strict compliance with Shariah requirements, foreign Shariah-compliant shares which are approved by the Shariah Adviser will be reviewed twice yearly.

Listed Shariah-compliant securities equivalent to shares

For domestic listed Shariah-compliant securities equivalent to shares, reference is made to the list of Shariah-compliant securities issued by SACSC. For foreign listed Shariah-compliant securities equivalent to shares, reference is made to the list of the approved Islamic indices.

Listed/unlisted Islamic collective investment schemes

For domestic listed Islamic collective investment schemes, reference is made to the list of Islamic Real Estate Investment Trust and list of Islamic Exchange-Traded Fund as per the *Additional List: Other Shariah-Compliant Capital Market Instruments* of the *List of Shariah-Compliant Securities by the SACSC* issued by the SC on a half-yearly basis while for foreign listed Islamic collective investment schemes, reference is made to the list of approved Islamic indices on a monthly basis. For domestic and foreign unlisted Islamic collective investment schemes, to ensure strict compliance with Shariah requirements, the Shariah Adviser will review the Islamic collective investment schemes prospectus and endorse that it is in compliance with the acceptable Shariah requirements. Should any of the screening fail to satisfy the Shariah requirements, the Shariah Adviser will not accord Shariah-compliant status for the collective investment schemes.

Sukuk

Investments in domestic sukuk will be selected from the list of sukuk readily available at the SC and Bank Negara Malaysia websites. Investments in foreign sukuk will be selected after consultation with the Shariah Adviser. To ensure strict compliance with Shariah requirements, the Shariah Adviser will review the information memorandum or the prospectus of the foreign sukuk for details regarding the Shariah approvals and fatwa certifying such sukuk. The Shariah Adviser will review the structure, contracts, assets and terms for the foreign sukuk issuance to ascertain if they comply with Shariah principles.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

INFORMATION ON THE FUNDS (CONT'D)

Islamic money market instruments, unrestricted investment accounts and Islamic deposits

Placement will be made in Islamic deposits and unrestricted investment accounts with financial institutions licensed by Bank Negara Malaysia as well as investment in Islamic money market instruments issued by financial institutions licensed by Bank Negara Malaysia.

Islamic derivatives

The funds may only use Islamic derivatives for hedging purposes. However, if Islamic derivatives are not available or are not commercially viable, the funds may use conventional derivatives subject to prior approval from the Shariah Adviser being obtained.

1.7 PURIFICATION PROCESS FOR THE FUNDS

Reclassification of Shariah status

Shariah-compliant securities which are reclassified to be Shariah non-compliant upon review of the securities by the SACSC or are removed from the approved Islamic indices will result in the Shariah non-compliant securities being disposed off. If on the effective date of the reclassification, the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, such securities must be disposed off. Any dividends received from the Shariah non-compliant securities up to the effective date and capital gain arising from their disposal on the effective date, may be kept. However, any dividends received and excess capital gains derived from the disposal of the Shariah non-compliant securities after the effective date should be deposited into a separate account which is segregated from the funds' account, for the purpose of purification.

The funds may channel such tainted income to baitulmal and/or charitable bodies as advised by the Shariah Adviser. The funds may also at its discretion distribute the tainted income to the investors as soon as practically possible as advised by the Shariah Adviser. Should such income be distributed to investors, the Manager will inform investors that it is the investors' obligation to purify it in accordance with Shariah principles upon receiving it from the funds.

On the other hand, it is allowed to hold the investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held are equal to the investment cost. At this stage, the holding must be disposed of.

Shariah non-compliant investment

Any Shariah non-compliant investments inadvertently made will be disposed off/withdrawn within a month of knowing the status of the investments. If the investment resulted in a gain (through capital gain, dividend and/or interest) before or after the disposal of the investments, the gain will be channeled to baitulmal and/or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the funds, the losses are to be borne by the Manager.

1.8 ZAKAT FOR THE FUNDS

The funds do not pay zakat on behalf of Muslim individuals and Islamic legal entities who are investors of the funds since doing so would not satisfy completely their zakat obligations. Such investors are thus required to pay by themselves.

1.9 CROSS TRADE POLICY

Cross trade transactions between funds managed by Public Mutual as part of the portfolio rebalancing process, may be undertaken if such transactions are deemed to be in the best interest of the funds and are transacted through a dealer or a financial institution on an arm's length and fair value basis.

This is a replacement Master Prospectus. FEES, CHARGES AND EXPENSES (CONT'D)

2.2 FEES AND EXPENSES OF THE FUNDS

Operating a fund involves a variety of expenses for portfolio management, the manager's fee, trustee's fee, foreign custodian charges, auditor's fee, tax agent's fee and other administrative charges incurred in the administration of the fund. These costs are paid out of the fund's assets.

Below are the fees that you may indirectly incur when you invest in the funds:

	Equity, Mixed Asset and Balanced Funds	Sukuk and Fixed Income Funds
 Management fee	<u>PelGRF, PelFAF and PelMZSF:</u> 1.75% per annum of the NAV. <u>PelSMF and PelATGF:</u> 1.80% per annum of the NAV. <u>PelPE40F and PelSITE:</u> 1.85% per annum of the NAV.	<u>PeSukuk:</u> 0.85% per annum of the NAV. <u>PelSINCE:</u> 0.45% per annum of the NAV.
 Trustee Fee	0.06% per annum of the NAV, subject to a minimum fee of RM18,000 and a maximum fee of RM600,000 per annum.	0.035% per annum of the NAV, subject to a minimum fee of RM18,000 and a maximum fee of RM300,000 per annum.

The annual management fee and trustee fee are calculated and accrued daily, and payable monthly to the Manager and trustee respectively.

Note: The above fees and charges may be subject to any applicable taxes and/or duties (if any) which are payable by you.

2.3 POLICY ON STOCKBROKING REBATES AND SOFT COMMISSIONS

The Manager does not receive any form of rebates from any broker/dealer. The Manager may receive goods and services which bring a direct benefit or advantage to the management of the funds and may be in the form of research and advisory services that assist in the decision-making process relating to the funds' investments.

There are fees and charges involved and investors are advised to consider them before investing in the funds.

3 TRANSACTION INFORMATION

3.1 DETERMINATION OF PRICES

Valuation Point

Valuation of funds with no foreign investments is conducted on each Business Day at the close of Bursa Securities. For funds with foreign investments, valuation is conducted after the close of business of Bursa Securities for the relevant day. As certain foreign markets in which the funds may invest in have yet to close due to the different time zones of these countries, the valuation point may be extended to 5:00 p.m. (or any other such time as may be permitted by the relevant authorities from time to time) on the following day in which the Manager is open for business. As such, the daily prices of the funds will not be published on the next Business Day but instead will be published the next following Business Day (i.e. the prices will be 2 days old).

NAV per Unit

The NAV per unit is obtained by dividing the NAV of the fund by the number of units in issue.

Illustration:

Total NAV (RM)	÷	UIC (units)	=	NAV per unit (RM)
352,625,000		1,410,500,000		0.25000000

Single Pricing

Purchase and redemption of units are quoted and transacted at a single price, i.e. at the NAV per unit of the fund(s). Sales charge and redemption charge (if any) are computed and charged separately, and are not incorporated in the quoted prices of the funds.

Forward Pricing

Both the purchase and redemption transactions are traded at prices *next determined*. A request issued by you to purchase or redeem units of the fund will be carried out at a price as at *the next valuation point after the application is received and accepted by the Manager*.

Investments banked in over the counter through Public Bank branches on any Business Day will be processed based on the price determined for the same Business Day.

Payment received before or at 4:00 p.m.

Processed based on the price determined for the same Business Day.

Payment received after 4:00 p.m.

Processed based on the price determined for the next Business Day.

Any investment and transaction requests made on a non-Business Day will be treated as investments or transaction requests made on the following Business Day.

Incorrect Pricing

In the event of any incorrect pricing of units of the funds, the Manager shall take immediate remedial action where that incorrect pricing –

- (i) is equal or more than 0.5% of the NAV per unit; and
- (ii) results in a sum total of RM10.00 or more to be reimbursed to the affected unitholder for each purchase or redemption transaction.

Subject to any regulatory requirements, the Manager shall have the right to amend, vary or revise the abovesaid limits or threshold from time to time.

- You may switch your units between funds under the Public e-Series of Shariah-Based Funds and Public e-Series of Funds on any Business Day subject to terms and conditions.
- You can execute your switching request via PMO or by completing and submitting the switching form to your nearest Public Mutual or Public Bank branch office or Public Mutual Head Office.
- The Manager reserves the right to reject any switching requests of unitholders of the funds if it is deemed to be disruptive to the efficient portfolio management or contrary to the best interest of the targeted funds. Switching requests that are rejected by the Manager would be treated as a redemption of units.
- Switching from an Islamic fund to a conventional fund is discouraged especially for Muslim unitholders.

3.7 HOW TO TRANSFER UNITS OF THE FUNDS

- Minimum units for transfer: 1,000 units.
- Complete and submit the transfer form to your nearest Public Mutual or Public Bank branch office or Public Mutual Head Office (subject to terms and conditions).

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

TRANSACTION INFORMATION (CONT'D)

3.8 MINIMUM ACCOUNT BALANCE

- Minimum balance of 100 units must be maintained at all times to stay invested with the fund.
- If partial redemption, switching or transfer of units result in less than 100 units being held in your account with the fund, the Manager may redeem, switch or transfer the entire account.

3.9 COOLING-OFF RIGHT

- Applicable for first time individual investors of Public Mutual.
- Submit request to Public Mutual or Public Bank branch office or Public Mutual Head Office within 6 Business Days from the date of receipt of the investment application form and payment by Public Mutual.
- For EPF unitholders, the cooling-off period will commence from the date of receipt of the investment application form by Public Mutual.
- The refund will be paid within 7 Business Days from the date of exercise of this right.
- The refund for every unit held will be the sum of the price of a unit (i.e. original price on the day the units were purchased or market price at the point of exercise of the cooling-off right, whichever is lower) and the sales charge imposed (and any applicable taxes and/or duties, if any) on the day the units were purchased.
- Staff of the Manager and persons registered with a body approved by the SC to deal in unit trust funds are not entitled to the cooling-off right.

3.10 DISTRIBUTION

Declaration

- Distribution, if any, is declared at the end of each financial year, or for any other specified period.
- Distribution(s) may be declared out of the funds' net realised capital gains and net realised investment income in the current financial year, and/or out of capital (derived from net realised capital gains and net realised investment income brought forward) if the funds do not have sufficient net realised capital gains or net realised investment income from the current financial year.
- Should the funds distribute out of capital, the capital of the funds may be eroded and the value of future returns may be diminished.
- Funds with regular distribution policy (e.g. annual) may distribute out of capital to ensure that the funds meet their investment objectives of providing regular income to their unitholders.
- Funds with incidental distribution policy may distribute out of capital to return a portion of the capital growth to unitholders when the funds have sufficient realised gains and realised investment income.

Reinvestment

- Distribution (if any) will be reinvested unless you opt for distribution to be paid out to you by indicating in the investment application form or PMO.
- Distribution will be reinvested at NAV per unit, computed at the close of the first Business Day following the distribution declaration date.
- No sales charge will be imposed on distribution reinvestments.
- Distribution less than RM100 per account will automatically be reinvested at NAV per unit.

Pay Out Option

- Please provide your bank account details by completing the Bank Account Registration Form or via PMO for distribution to be credited into your bank account.
- In the absence of a registered bank account, the distribution (if any) will be reinvested.
- Distribution payment that cannot be credited into the registered bank account will be reinvested following the unsuccessful crediting of the distribution payment.

Notify the Manager of any changes to your distribution instructions within 14 Business Days prior to each date fixed for the distribution.

4 THE MANAGER

4.1 CORPORATE PROFILE OF PUBLIC MUTUAL

The funds listed under this Master Prospectus are managed by Public Mutual, a wholly owned subsidiary of Public Bank. Public Mutual is a licensed fund manager and Private Retirement Scheme (PRS) Provider and is the largest private unit trust manager in terms of NAV. Incorporated on 21 July 1975 under its former name Kuala Lumpur Mutual Fund Berhad, Public Mutual began its operations on 2 July 1980 and was among the early pioneers of the industry.

Please refer to <https://www.publicmutual.com.my/Menu/Corporate/Our-Profile> for more information pertaining to the profile of the Manager and <https://www.publicmutual.com.my/Menu/Corporate/Our-People> for information on Board of Directors.

4.2 ROLES, DUTIES AND RESPONSIBILITIES OF THE MANAGER

The roles, duties and responsibilities of the Manager include, but is not limited to, the following:-

- to ensure that the funds are managed within the ambit of the Deed, securities laws and relevant guidelines at all times;
- to provide customer support to best serve the unitholders' needs;
- to keep unitholders informed of the management and performance of the funds through semi-annual and annual reports;
- to ensure that the interest of the unitholders is best served and protected at all times.

4.3 THE INVESTMENT TEAM

The investment team of Public Mutual comprises more than 20 portfolio managers and a research team of more than 30 research analysts.

Please refer to <https://www.publicmutual.com.my/Menu/Corporate/Our-People> for profiles of the key members of the investment team responsible for the fund management function of the funds.

4.4 RELATED PARTY TRANSACTIONS/CONFLICT OF INTEREST

The funds' transactions with related parties are executed on terms that are best available to the funds and which are no less favourable than arm's length transactions between independent parties.

Such transactions may include:

- dealings on sale and purchase of investment securities and instruments by the funds.
- money market deposits and placements by the funds.
- holding of units in the funds by related parties.

Where a conflict of interest arises due to the director holding substantial shareholding or directorships of a company, and the fund(s) invests in securities or Islamic derivatives issued by that particular company, the said director shall abstain from any decision making relating to such securities or Islamic derivatives.

Employees of the Manager who are involved in fund management activities (including, but not limited to, employees who hold senior management position, are involved in the management of the funds, are involved in the operation or transactions of the fund management activities, or has information pertaining to the management of the funds) are required to obtain prior written approval and declare their dealings in securities and Islamic derivatives, but excluding units in unit trust scheme, investments in equity crowdfunding and peer-to-peer financing.

SALIENT TERMS OF THE DEED (CONT'D)

7.4 RETIREMENT, REMOVAL AND REPLACEMENT OF THE MANAGER

The Manager may retire upon giving 12 months notice to the trustee of its desire to do so, or such shorter period as the Manager and the trustee shall agree upon, in favour of some other corporation.

The Manager may be removed and another corporation appointed as manager by Special Resolution of the unitholders at a unitholders' meeting convened in accordance with the Deed either by the trustee or the unitholders.

The trustee shall take reasonable steps to remove and replace the Manager as soon as practicable after becoming aware of any such circumstances:

- (a) A Special Resolution to that effect has been duly passed by the unitholders at a meeting called for that purpose;
- (b) The Manager is in breach of its obligations under the Deed;
- (c) The Manager has failed or neglected to carry out its duties to the satisfaction of the trustee and the trustee considers that it would be in the interests of unitholders for it to do so, after the trustee has given notice and reasons and has considered any representations made by the Manager in respect of that opinion, and after consultation with the relevant authorities and with the approval of the unitholders; or
- (d) The Manager has gone into liquidation (except a voluntary liquidation for the purpose of amalgamation or reconstruction or some similar purpose) or has had a receiver appointed or has ceased to carry on business,

and the Manager shall not accept any extra payment or benefit in relation to such removal or replacement or retirement.

In any of the cases aforesaid the Manager for the time being shall upon receipt of such notice by the trustee cease to be the Manager and the trustee shall by writing under its seal appoint some other corporation to be the Manager of the fund subject to such corporation entering into a deed or deeds with the trustee and thereafter act as Manager during the remainder period of the fund.

7.5 RETIREMENT, REMOVAL AND REPLACEMENT OF THE TRUSTEE

The trustee may retire upon giving 12 months notice to the Manager of its desire to do so, or such shorter period as the Manager and the trustee shall agree upon, and may appoint a new trustee in his stead or as additional trustee.

The Manager shall take reasonable steps to remove and replace a trustee as soon as practicable after becoming aware of any such circumstances:

- (a) The trustee has ceased to exist;
- (b) The trustee has not been validly appointed;
- (c) The trustee is not eligible to be appointed or to act as trustee under section 290 of the CMSA 2007;
- (d) The trustee has failed or refused to act as trustee in accordance with the provisions or covenants of the Deed or the provision of the CMSA 2007;
- (e) A receiver is appointed over the whole or a substantial part of the assets or undertaking of the existing trustee and has not ceased to act under the appointment, or a petition is presented for the winding up of the existing trustee (other than for the purpose of and followed by a reconstruction, unless during or following such reconstruction the existing trustee becomes or is declared to be insolvent); or
- (f) The trustee is under investigation for conduct that contravenes Trust Companies Act 1949, the Trustee Act 1949, the Companies Act 2016 or any securities law.

In addition to the above, the trustee may be removed and another trustee appointed by Special Resolution of the unitholders at a unitholders' meeting convened in accordance with the Deed either by the Manager or the unitholders.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

SALIENT TERMS OF THE DEED (CONT'D)

7.6 TERMINATION OF THE FUNDS

A fund may be terminated or wound-up upon the occurrence of any of the following events:-

- (a) the SC's approval is revoked under Section 256E of the CMSA 2007;
- (b) a Special Resolution is passed at a unitholders' meeting to terminate or wind-up that fund, following the occurrence of events stipulated under Section 301(1) of the CMSA 2007 and the court has confirmed the resolution, as required under Section 301(3) of the CMSA 2007;
- (c) a Special Resolution is passed at a unitholders' meeting to terminate or wind-up the fund; or
- (d) the effective date of an approved transfer scheme, as defined under the SC Guidelines, has resulted in the fund, which is the subject of the transfer scheme, being left with no asset/property.

Notwithstanding the above, the fund may be terminated or wound-up, as proposed by the Manager with the consent of the trustee (which consent shall not be unreasonably withheld) upon the occurrence of any of the following events, by giving not less than three (3) months' notice in writing to the unitholders as hereinafter provided:

- (i) if any law shall be passed which renders it illegal or in the opinion of the Manager impracticable or inadvisable to continue the trust; or
- (ii) such circumstance of termination of the fund is in the best interest of the unitholders; or
- (iii) if in the reasonable opinion of that Manager it is impracticable or inadvisable to continue the fund.

7.7 UNITHOLDERS' MEETING

A unitholders' meeting may be called by the Manager, trustee and/or unitholders. Any such meeting must be convened in accordance with the Deed and/or the SC Guidelines.

Every question arising at any meeting shall be decided in the first instance by a show of hands unless a poll is demanded or if it be a question which under the Deed requires a Special Resolution, in which case a poll shall be taken. On a show of hands every unitholder who is present in person or by proxy shall have one vote.

The quorum for a meeting of unitholders of a fund is 5 unitholders of that fund, whether present in person or by proxy, provided always that for a meeting which requires a Special Resolution the quorum for that meeting shall be 5 unitholders, whether present in person or by proxy, holding in aggregate at least 25% of the units in issue for that fund at the time of the meeting. If the fund has 5 or less unitholders, the quorum required shall be 2 unitholders, whether present in person or by proxy and if the meeting requires a Special Resolution the quorum for that meeting shall be 2 unitholders, whether present in person or by proxy, holding in aggregate at least 25% of the units in issue for that fund at the time of the meeting. In the case of a fund with 1 remaining unitholder, such unitholder, whether present in person or by proxy, at the meeting shall constitute a quorum.

7.8 CLASSES OF UNITS

The Manager shall have the sole and absolute right to issue and/or establish other, different or new classes of units to a fund with different and/or similar features including but not limited to fees, charges, currency and/or distribution policy with that of the units without the need to seek unitholders' prior approval provided the issuance of other classes and the imposition of the terms shall not in the opinion of the Manager and trustee prejudice the rights of the unitholder of the current classes of units to that fund. Where a new class is established or issued, units in any existing class and any other units may be re-designated so long as there is no prejudice to the existing unitholders of such class of units as a whole.

Dear Sirs

Re: Taxation of the Funds and Unit Holders

This letter has been prepared for inclusion in this Replacement Master Prospectus of Public e-Series of Shariah-Based Funds in connection with the offer of units in the Public e-Islamic Sustainable Millennial Fund, Public e-Islamic Pioneer Entrepreneur 40 Fund, Public e-Islamic Innovative Technology Fund, Public e-Islamic Asia Thematic Growth Fund, Public e-Islamic Growth Fund, Public e-Islamic Flexi Allocation Fund, Public e-Al-Mutawazan Strategy Fund, Public e-Sukuk Fund, Public e-Islamic Income Fund ("the Funds").

Taxation of the Funds

Income Tax

The Funds are unit trusts for Malaysian tax purposes. The taxation of the Funds is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Subject to certain exemptions, the income of the Funds in respect of investment income derived from or accruing in Malaysia are liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

The Funds may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia was previously exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Based on the Finance Act 2021, income derived by a resident unit trust from foreign sources and received in Malaysia from 1 January 2022 onwards will be subject to Malaysian income tax. A transitional tax rate of 3% is accorded on the gross amount of the foreign income received in Malaysia from 1 January 2022 to 30 June 2022. From 1 July 2022, the prevailing tax rate of 24% will apply to the chargeable income computed in respect of the foreign source income remitted into Malaysia by the Funds.

Where the same foreign income has been taxed in both Malaysia and the foreign country, a tax credit in the form of bilateral relief under a Double Tax Agreement ("DTA") or unilateral relief under the domestic law (if there is no available DTA or a limited DTA which does not provide such relief) may be given in respect of such income, subject to conditions.

Gains from the realisation of investments by the Funds will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which it is derived.

Under Section 2(7) of the Act, any reference to interest in the Act shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

TAXATION OF THE FUNDS AND UNITHOLDERS (CONT'D)

Gains or profits earned by the Funds from the following are exempt from tax: -

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013^{N1}; or
- any development financial institution regulated under the Development Financial Institutions Act 2002^{N1}; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority^{N2}.

Discounts earned by the Funds from the following are also exempt from tax: -

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

Tax deductions in respect of the Funds' expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Single tier Malaysian dividends received by the Funds are exempt from tax and expenses in relation to such dividend income are disregarded.

Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Funds will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

Sales Tax and Service Tax

The Goods and Services Tax ("GST") has been replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

^{N1} Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

^{N2} Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions. Based on the Finance Act 2021, income tax exemption shall also not apply to interest paid or credited by a special purpose vehicle to a company pursuant to the issuance of asset-backed securities lodged with the Securities Commission or approved by the Labuan Financial Services Authority from 1 January 2022 where the company and the person who established the special purpose vehicle solely for the issuance of the asset-backed securities are in the same group.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

TAXATION OF THE FUNDS AND UNITHOLDERS (CONT'D)

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Funds such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Funds are only deriving income from such activities, the Funds are not liable to be registered for service tax.

However, certain expenses incurred by the Funds such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Funds is a cost to the Funds and is not recoverable, unlike the GST input tax which is claimable under the GST regime.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

Taxation of Unit Holders

Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Funds, to the extent that this is distributed to them. The income distribution from the Funds may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Funds. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016), on distributions of income from the Funds to the extent of an amount equivalent to their share of the total taxable income of the Funds. Corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 17% on chargeable income of up to RM600,000, effective from YA 2020. This concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. For chargeable income in excess of RM600,000, the tax rate of 24% is still applicable.

However, the said tax rate of 17% on chargeable income of up to RM600,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Based on the Finance Bill 2023, it is proposed that the tax rate of 17% will be reduced to 15% for the chargeable income of up to RM150,000, while the tax rate for the chargeable income from RM150,001 up to RM600,000 will remain unchanged at 17%. For chargeable income in excess of RM600,000, the tax rate of 24% will apply. The proposed changes will come into effect from YA 2023.

In addition to the current conditions as mentioned above, it is proposed that the new preferential tax rate would not apply if more than 20% of the paid-up capital in respect of ordinary shares of the company at the beginning of the basis period for a YA is directly or indirectly owned by a company or companies incorporated outside Malaysia or an individual or individuals who are not Malaysian citizens. The proposed condition is effective from YA 2024.

Based on the Finance Act 2021, a corporate tax rate of 33% ("Cukai Makmur") will be levied on corporate unit holders with chargeable income exceeding RM100 million. Corporate unit holders with chargeable income below RM100 million will still be taxed at tax rate of 24%. However, the chargeable income in respect of the income received in Malaysia from outside Malaysia from 1 July 2022 is exempted from the application of Cukai Makmur, computed based on a prescribed formula. This is effective for YA 2022 only.

This is a replacement Master Prospectus. This Master Prospectus is issued to replace and/or supersede the Master Prospectus of Public e-Series of Shariah-Based Funds dated 1 July 2020, Prospectus of Public e-Islamic Income Fund dated 1 July 2020, Prospectus of Public e-Sukuk Fund dated 9 December 2020, Prospectus of Public e-Islamic Pioneer Entrepreneur 40 Fund dated 21 April 2021, Prospectus of Public e-Islamic Innovative Technology Fund dated 25 May 2021, Prospectus of Public e-Islamic Asia Thematic Growth Fund and Public e-Al-Mutawazan Strategy Fund dated 30 November 2021 and Prospectus of Public e-Islamic Growth Fund dated 10 December 2021.

TAXATION OF THE FUNDS AND UNITHOLDERS (CONT'D)

The tax rate of 33% on chargeable income exceeding RM100 million would not apply to corporate unit holders in Malaysia that qualify for the preferential tax rate of 17% on chargeable income of up to RM600,000.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of single-tier Malaysian dividends and tax exempt income by the Funds will not be subject to tax in the hands of the unit holders in Malaysia. Units split by the Funds will also be exempt from tax in Malaysia in the hands of the unit holders.

However, based on the Finance Act 2021, the income distributed to a unit holder other than an individual, out of the interest income exempt from tax of a unit trust that is a retail money market fund which is paid or credited by a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013, or any development financial institution regulated under the Development Financial Institutions Act 2002 will be subjected to tax. This is effective from 1 January 2022.

Further, a new withholding tax mechanism is applicable on the above distribution. The income distributed to the unit holder other than an individual will be subject to withholding tax at the rate of 24% and the tax deducted can be utilised to set off against the tax payable by a tax resident unit holder. Withholding tax deducted on the income distributed to a non-individual unit holder who is not a tax resident in Malaysia will be regarded as a final tax. This is effective from 1 January 2022.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, certain expenses such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully

Ong Guan Heng
