## **Tapping into the Global Markets' Growth Potential through Two New Funds**

---

Public Bank's wholly-owned subsidiary, Public Mutual, is launching two new global funds namely Public Japan Global Equity Fund (PJGEF) and Public Islamic Global Balanced Fund (PISGBLF) on 3 December 2019.

PJGEF aims to achieve capital growth over the long term by investing 75% to 98% of its net asset value (NAV) in equities with at least 30% in the Japan market and the balance invested in the United States, Europe and Asia Pacific markets. This Fund will primarily invest in a portfolio of blue chips, index stocks and growth stocks in Japan and the global markets which are underpinned by resilient fundamentals, attractive growth prospects and reasonable valuations.

Japan, the world's third-largest economy, is supported by a healthy job market as well as robust inbound tourism. In addition, Japanese equities are underpinned by below-trend valuations, with the Tokyo Stock Price Index (TOPIX) trading at a prospective P/E ratio of 13.1x as at 31 October 2019, which is at a 23.4% discount to its 10-year historical average. Japanese companies are also poised to capitalise on opportunities in the U.S. and China markets due to the ongoing trade dispute between the two countries.

Meanwhile, PISGBLF will invest 40% to 60% of its NAV in Shariah-compliant equities while the balance is invested in sukuk and Islamic liquid assets. Up to 98% of its NAV may be invested in the global markets, including the United States, Europe and Asia Pacific. This Fund seeks to achieve capital growth over the long term through a balanced asset allocation approach which makes it less volatile than a portfolio comprised solely of equity investments.

The initial issue price for both PJGEF and PISGBLF is **RM0.2500 per unit** during the 21-day initial offer period from **3 to 23 December 2019**. The minimum initial investment amount is **RM1,000** while the minimum additional investment amount is **only RM100**.

In addition, investors will also enjoy a special sales charge of 5% and stand a chance to win a pair of flight tickets to either Tokyo or Osaka, Japan by investing in either PJGEF or PISGBLF during the campaign period. Interested investors may find out more about the campaign at [www.publicmutual.com.my](http://www.publicmutual.com.my). Terms and conditions apply.
