Selected Performance Benchmark for PeISITF

The benchmark of the Fund is the following composite benchmark index comprising:

Percentage	Index
90%	S&P Global 1200 Shariah Information Technology (Sector) 10% Capped Index
10%	1-Month IIMM rate

This composite benchmark index is an appropriate performance benchmark for PeISITF as the Fund is an Islamic equity fund which generally has an equity weight of 90% of its NAV over the long term.

Information on the benchmarks can be obtained from the following sources:

Index	Source
S&P Global 1200 Shariah Information Technology (Sector) 10% Capped Index	S&P Dow Jones Indices LLC.
1-Month IIMM rate	Business sections of the daily newspapers.

As the Fund is actively managed and its holdings may differ from its benchmark, the risk profile of the Fund is not the same as the risk profile of the benchmark.

The performance of the Fund and its benchmark is available on our website at www.publicmutual.com.my.

Any change of the Fund's benchmark will be updated on our website and/or the Fund's PHS.

1.2 RISK FACTORS

General Risks

1. **Market risk:** Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors, which will result in a decline in the Fund's NAV.
2. **Liquidity risk:** Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.
3. **Manager risk:** This risk refers to the day-to-day management of the Fund by the fund manager which will impact the performance of the Fund. For example, investment decisions undertaken by the fund manager pertaining to asset allocation and security selection which may not be in line with market movements, or non-conformance with regulations and internal policies and procedures, may adversely affect the performance of the Fund.
4. **Loan/Margin financing risk:** This risk occurs when investors take a loan/margin financing to finance their investment. The inherent risk of investing with borrowed money includes investors being unable to service the loan repayments. In the event units are used as collateral, an investor may be required to top-up the investors' existing instalment if the prices of units fall below a certain level due to market conditions. Failing which, the units may be sold at a lower NAV per unit as compared to the NAV per unit at the point of purchase towards settling the loan.

The Manager does not encourage the practice of loan financing in the purchase of unit trust funds.

5. **Risk of non-compliance with Shariah requirements:** This risk refers to the risk that the currently held Shariah-compliant equities in the Fund may be reclassified as Shariah non-compliant in the periodic review of the equities by the SACSC, the Shariah Adviser or the Shariah boards of the relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose such equities. There may be opportunity loss to the Fund due to the Fund not being allowed to retain the excess capital gains derived from the disposal of the Shariah non-compliant equities. The value of the Fund may also be adversely affected in the event of a disposal of Shariah non-compliant equities at a price lower than the investment cost. *(Please refer to page 17 for Purification Process for the Fund.)*
6. **Counterparty risk associated with OTC Islamic derivatives:** The use of OTC Islamic derivatives involve counterparty risk arising from counterparties' default or a decline in the counterparties' credit rating which may have adverse impact on the NAV of the Fund. In such circumstances, efforts will be taken to liquidate the derivative position.

Specific Risks

1. **Specific security risk:** Prices of a particular security may fluctuate in response to the circumstances affecting individual companies. As such, adverse price movements of a particular security invested by the Fund may adversely affect the Fund's NAV and unit price.
2. **Interest rate risk:** Interest rate risk refers to the impact of interest rate changes on the valuation of sukuk and Islamic liquid assets. When interest rates rise, sukuk prices generally decline and this may lower the market value of the Fund's investment in sukuk. The reverse applies when interest rates fall. The returns of the Fund's investments in Islamic liquid assets move in tandem with interest rates. A decline in interest rates will lower the returns of the Fund's investments in Islamic liquid assets. For example, when interest rates fall, Islamic deposit placements would be reinvested at lower interest rates and subsequently yield lower returns to the Fund.
3. **Credit risk:** Credit risk relates to the creditworthiness of the issuer of the sukuk or Islamic liquid assets which is dependent on the issuer's ability to make timely payments of profit and/or principal. In the event that the issuer of a sukuk or Islamic liquid assets defaults in the payment of profit and/or principal, the value of the Fund may be adversely affected.
4. **Currency risk:** If the Fund invests in assets denominated in foreign currency, the Fund may be exposed to currency fluctuation risks. If the currencies in which the investments are denominated depreciate against the local currency, the Fund's NAV may be adversely affected and vice versa. To mitigate such risk, the Fund may undertake hedging strategies. However, the Fund would not benefit from any potential upside if currencies move in the opposite direction of the hedging strategy.
5. **Country risk:** Investments of the Fund in any country may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the country in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the NAV of the Fund or prices of units to fall.
6. **Industry/Sector risk:** Industry/sector risk arises when the Fund is predominantly invested in specific industries or sectors. Due to the reduced degree of diversification by industries/sectors, the Fund may be more vulnerable to factors associated with the particular industries/sectors it is invested in. Any material changes associated with the technology sector may have an adverse impact on the NAV of the Fund.
7. **Risk associated with investments in Shariah-compliant warrants:** The market price of Shariah-compliant warrants held by the Fund will depend on the current market price of the underlying security, the exercise price of the Shariah-compliant warrants and the time to expiration of the Shariah-compliant warrants. Such investments may experience time decay, and the erosion of value accelerates as the Shariah-compliant warrant approaches its expiry date. Any adverse movements in the market price of the Shariah-compliant warrants may impact the Fund's NAV and unit price.

Risk Management Strategies

Asset allocation, liquidity management and diversification strategies employed are central to the efforts to manage the risks posed to the Fund.

To mitigate risks arising from significant volatilities in times of adverse market movements, foreign currency exposure and foreign interest rate movements, the Fund may employ hedging strategies utilising futures contracts, foreign exchange forward contracts and options (approved as Shariah-compliant by the Shariah Adviser of the Fund). Participation in these Shariah-compliant instruments are for hedging purposes only. Investments in Shariah-compliant warrants will be assessed on ongoing basis as it can potentially increase the volatility of the Fund's returns.

To manage credit risk, credit analysis is conducted and credit rating of financial institutions or sukuk issuers is monitored on an ongoing basis. The Fund will focus on Shariah-compliant securities issued by companies with sound financial position whereby gearing ratio and interest cover ratio are within acceptable levels of the industry in which the issuer company operates.

In terms of liquidity risk management, prudent liquidity management such as cash flow and redemption monitoring is in place to ensure that the Fund maintains reasonable levels of liquidity to meet any redemption request.

The Manager in consultation with the trustee may suspend dealing in units due to exceptional circumstances (for example, valuation difficulties due to illiquidity, or no price discovery which impact a significant portion of the Fund's NAV), where there is good and sufficient reason to do so, considering the interest of unitholders.

1.3 PERMITTED INVESTMENTS

The Manager has absolute discretion, subject to the Deed, the investment policy of the Fund and the requirements of the SC and other regulatory body, as to how the assets of the Fund are invested. The Fund will invest in instruments that have been classified as Shariah-compliant by the SACSC and SAC BNM. For instruments that are not classified as Shariah-compliant by the SACSC and SAC BNM, the Shariah Adviser will determine whether the instruments are Shariah-compliant for investment by the Fund.

The Fund will invest in/utilise the following:

- i. Shariah-compliant equity and Shariah-compliant equity-related securities such as Shariah-compliant warrants listed in Eligible Markets. The Manager will invest in Shariah-compliant securities that are classified as Shariah-compliant by the SACSC or approved/verified by the Shariah Adviser;
- ii. Shariah-compliant stocks of IPO companies seeking a listing in Eligible Markets;
- iii. Unlisted Shariah-compliant equity and Shariah-compliant equity-related securities whether or not approved for listing and quotation in Eligible Markets, which are offered directly by the company to the Fund;
- iv. Listed sukuk traded in Eligible Markets;
- v. Unlisted sukuk traded in Eligible Markets;
- vi. Sovereign sukuk traded in Eligible Markets;
- vii. Government Investment Issues (GII), Islamic Accepted Bills, Bank Negara Monetary Notes and any other Government approved and/or guaranteed sukuk;
- viii. Islamic investment accounts, Islamic deposits and Islamic money market instruments with licensed domestic and foreign financial institutions;
- ix. Units of other Islamic collective investment schemes;
- x. Islamic derivatives such as foreign exchange forward contracts, futures contracts and options (approved as Shariah-compliant by the Shariah Adviser of the Fund) traded on the futures and options market of an exchange company approved, or exempt futures and options market declared, by the Minister under the CMSA 2007 (for hedging purpose only); and
- xi. Any other form of Shariah-compliant investments which is in line with the objective of the Fund as may be agreed upon by the Manager and the trustee from time to time.

Subject to the approval of the Shariah Adviser, the Fund may participate in Shariah-compliant securities borrowing and lending within the meaning of the Securities Borrowing and Lending Guidelines.

1.4 INVESTMENT RESTRICTIONS

The Fund is subject to the following investment restrictions in the course of execution of its investment policies and strategies:

(i) Investment Spread Limits

Investment	Limits (% of Fund's NAV)
Value of investments in Shariah-compliant ordinary shares issued by any single issuer	≤ 10%
Value of investments in Shariah-compliant transferable securities and Islamic money market instruments issued by any single issuer	≤ 15%
Value of placement in Islamic deposits with any single financial institution	≤ 20%
For investments in Islamic derivatives:- (i) exposure to underlying assets;	≤ spread limits stipulated in this section
(ii) value of OTC Islamic derivative transaction with any single counter-party	≤ 10%
Aggregate value of investments in Shariah-compliant transferable securities, Islamic money market instruments, Islamic investment accounts and/or Islamic deposits and OTC Islamic derivatives issued by or placed with, as the case may be, any single issuer/financial institution	≤ 25%
Value of investments in units of any Islamic collective investment scheme	≤ 20%
Value of investments in Shariah-compliant transferable securities and Islamic money market instruments issued by any group of companies	≤ 20%

(ii) Investment Concentration Limits

Investment	Limits
Investments in Shariah-compliant transferable securities (other than sukuk)	≤ 10% of the Shariah-compliant securities issued by any single issuer.
Investment in sukuk	≤ 20% of the sukuk issued by any single issuer.
Investments in Islamic money market instruments	≤ 10% of the Islamic instruments issued by any single issuer. <i>Note: This limit does not apply to Islamic money market instruments that do not have pre-determined issue size.</i>
Investments in Islamic collective investment schemes	≤ 25% of the units in any one Islamic collective investment scheme.

Note: Shariah-compliant transferable securities refer to Shariah-compliant equities, sukuk and Shariah-compliant warrants or any other definition as may be specified by the SC.

(iii) Exposure Limits

Investment	Limits (% of Fund's NAV)
Value of investments in unlisted Shariah-compliant securities	$\leq 10\%$ <i>Note: This exposure limit does not apply to:-</i> a) Shariah-compliant equities not listed or quoted on a stock exchange but have been approved by the relevant authority for such listing and quotation, and are offered directly to the Fund by the issuer; and b) Sukuk traded on an organised OTC market.
Value of holdings in Shariah-compliant foreign investments	$\leq 98\%$
Exposure from Islamic derivatives position	\leq NAV of the Fund at all times.

The above limits and restrictions shall be complied with at all times based on the most up-to-date value of the Fund, and the value of its investments and instruments. However, a 5 per cent allowance in excess of any limits or restrictions may be permitted where the limit or restriction is breached through the appreciation or depreciation in value of the Fund's investments or instruments, or as a result of redemption of units or payment made from the Fund. The Manager should, within a reasonable period of not more than 3 months from the date of the breach, take all necessary steps and actions to rectify the breach.

Such limits and restrictions, however, do not apply to securities that are issued or guaranteed by the Government or Bank Negara Malaysia.

Note: The investment restrictions and limits of the Fund may be subject to changes as may be determined by the SC from time to time, the effective date of which shall be determined by the Manager.

1.5 VALUATION OF PERMITTED INVESTMENTS

The permitted investments of the Fund are fairly valued based on the following valuation methods:

Listed Shariah-compliant equities, Shariah-compliant warrants and options (approved as Shariah-compliant by the Shariah Adviser of the Fund) – valuation is based on market price of the respective exchanges. If no market price is available or valuation based on market price does not represent the fair value of investments, the securities will be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

Unlisted Shariah-compliant equities – fair valuations which are based on methods that are acceptable to the Manager, verified by the auditor and approved by the trustee.

Listed and unlisted sukuk – for listed sukuk, the last traded prices quoted on a recognised exchange will be used. If no market price is available or valuation based on market price does not represent the fair value of the sukuk, the sukuk will be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

In the case of unlisted sukuk denominated in RM, valuations are carried out on a daily basis using fair value prices quoted by a Bond Pricing Agency (BPA) registered with the SC. If the Manager is of the view that the price quoted by the BPA for a specific sukuk differs from the 'market price' by more than 20 basis points, the Manager may use the 'market price' provided that the Manager adheres to the requirements stipulated by the SC. Market price for sukuk are derived from market quotations obtained from the panel of at least three active financial institutions that are governed by the Financial Services Act 2013 (FSA) and/or Islamic Financial Services Act 2013 (IFSA). Other unlisted sukuk which include foreign unlisted sukuk are valued daily based on fair value by reference to the average indicative yield quoted by at least three independent and reputable institutions.

Islamic commercial papers – Islamic commercial papers are valued at purchase yields with profit accrued daily as they are generally held to maturity. The valuation of Islamic commercial papers will be monitored against market value on a daily basis and should the market value be lower by more than 5%, the Islamic commercial papers will be valued at the market value for that particular day.

Islamic money market instruments – Islamic money market instruments which include negotiable Islamic debt certificate are valued at market yields based on the remaining days to maturity.

Islamic investment accounts and Islamic deposits – the value of such investments shall be determined on a daily basis by reference to their principal value and the accrued profit thereon for the relevant period.

Units in other Islamic collective investment schemes – for unlisted Islamic collective investment schemes, valuation is based on last published repurchase price. For listed Islamic collective investment schemes, valuation is based on market price of the respective exchanges. If no market price is available or valuation based on market price does not represent the fair value of investments, the units will be valued at fair value, as determined in good faith by the Manager, based on the methods or bases approved by the trustee after appropriate technical consultation.

Foreign exchange forward contracts (approved as Shariah-compliant by the Shariah Adviser of the Fund) – all foreign exchange forward contracts (approved as Shariah-compliant by the Shariah Adviser of the Fund) are marked-to-market daily and valued at fair value using forward rate of the remaining tenure to maturity.

Futures contracts (approved as Shariah-compliant by the Shariah Adviser of the Fund) – all futures contracts (approved as Shariah-compliant by the Shariah Adviser of the Fund) are marked-to-market at the end of each trading day. Any gains or losses are immediately reflected upon marking to market.

Suspended Shariah-compliant securities – will be valued at their suspended price unless there is conclusive evidence to indicate that the value of such stocks have gone below the suspended price, whereupon their value will be ascertained in a manner as agreed upon by the Manager and trustee.

All Shariah-compliant foreign securities and Islamic assets are converted into RM based on the bid exchange rate quoted by Thomson Reuters/Bloomberg at United Kingdom time 4:00 p.m. the same day.

1.6 SHARIAH SCREENING PROCESS FOR THE FUND

For domestic listed Shariah-compliant equities, reference is made to the list of Shariah-compliant securities issued by the SACSC on a half-yearly basis. For domestic unlisted Shariah-compliant equities, the Shariah Adviser applies the two-tier quantitative approach based on the business activity and financial ratio benchmarks in determining the Shariah status of the equities.

Investments in unlisted Shariah-compliant equities in the domestic and foreign markets will be selected in accordance with the equities classified as Shariah-compliant by the Shariah Adviser. For Shariah-compliant equities to be reviewed by the Shariah Adviser, the fund manager will first identify the Shariah-compliant equities which fulfil their investment criteria. All the relevant documents with the latest information pertaining to the business activities, financial statements and other related information will be submitted to the Shariah Adviser for Shariah stock screening process which involves both quantitative and qualitative analysis.

For business activity benchmark, the Shariah Adviser will determine if the contribution of Shariah non-compliant activities to the Group revenue or Group profit before taxation of the company will be computed and compared against the relevant business activity benchmarks as follows:

(i) The 5% benchmark

The 5% benchmark is applicable to the following businesses/activities:

- conventional banking and lending;
- conventional insurance;
- gambling;
- liquor and liquor-related activities;
- pork and pork-related activities;
- non-halal food and beverages;
- tobacco and tobacco related activities;
- interest income* from conventional accounts and instruments (including interest income awarded arising from a court judgement or arbitrator);
- dividends* from Shariah non-compliant investments;
- Shariah non-compliant entertainments; and
- other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the Group revenue or Group profit before taxation of the company must be less than 5%.

Note: Interest income and dividends from Shariah non-compliant investments will be compared against the Group revenue. However, if the main activity of the company is holding of investments, the dividends from Shariah non-compliant investments will be compared against the Group revenue and Group profit before taxation.

(ii) The 20% benchmark

The 20% benchmark is applicable to the following businesses/activities:

- share trading;
- stockbroking business;
- rental received from Shariah non-compliant activities; and
- other activities deemed non-compliant according to Shariah principles as determined by the SACSC.

For the above-mentioned businesses/activities, the contribution of Shariah non-compliant businesses/activities to the Group revenue or Group profit before taxation of the company must be less than 20%.

For financial ratio benchmark, the Shariah Adviser will determine if the financial ratios (i.e. debt over total assets and cash over total assets ratio is less than 33%) of the equities, comply with the financial ratio benchmarks. For cash over total assets, cash only includes cash placed in conventional accounts and instruments, whereas cash placed in Islamic accounts and instruments is excluded from the calculation. For debt over total assets, debt only includes interest-bearing debt whereas Islamic financing or sukuk is excluded from the calculation. In addition to the above two-tier quantitative criteria, the Shariah Adviser also takes into account the qualitative aspect which involves public perception or image of the company's activities from the perspective of Islamic teaching.

For foreign listed Shariah-compliant equities, reference is made to the list of the approved Islamic indices on a monthly basis. For investments in listed and unlisted equities in the foreign markets which are not within the list of the approved Islamic indices, the Shariah Adviser applies the two-tier approach which applies the sector-based and accounting-based screens, in determining the Shariah status of the equities. For sector-based screens, core business activities related to advertising and media, alcohol, cloning, conventional banking and insurance, gambling, pork, pornography, tobacco and trading of gold and silver as cash on deferred basis will not be appropriate for Islamic investment purpose. For accounting-based screen, the Shariah Adviser will determine if the conventional debt ratio, conventional cash ratio, account receivable ratio and non-permissible income ratio of the company's financial position comply with the financial thresholds as approved by the Islamic indices subscribed by the Fund. These benchmarks may vary in accordance with the development of Islamic capital markets and the jurisdiction of the Islamic indices providers that are being referred to. Should any of the calculation fail to satisfy the financial benchmark, the Shariah Adviser will not accord Shariah-compliant status for the equities. To ensure strict compliance with Shariah requirements, foreign Shariah-compliant equities which are approved by the Shariah Adviser will be reviewed twice yearly.

For Shariah-compliant warrants, a warrant will be classified as Shariah-compliant if the underlying share is Shariah-compliant based on the Shariah screening process for listed and unlisted equities.

For domestic listed Islamic collective investment schemes, reference is made to the list of Islamic Real Estate Investment Trust and list of Islamic Exchange-Traded Fund as per the Additional List: Other Shariah-Compliant Capital Market Instruments of the List of Shariah-Compliant Securities by the SACSC issued by the SC on a half-yearly basis while for foreign listed Islamic collective investment schemes, reference is made to the list of approved Islamic indices on a monthly basis. For domestic and foreign unlisted Islamic collective investment schemes, to ensure strict compliance with Shariah requirements, the Shariah Adviser will review the Islamic collective investment schemes prospectus and endorse that it is in compliance with the acceptable Shariah requirements. Should any of the screening fail to satisfy the Shariah requirements, the Shariah Adviser will not accord Shariah-compliant status for the collective investment schemes.

Investments in domestic sukuk will be selected from the list of sukuk readily available at the SC and Bank Negara Malaysia websites. Investments in foreign sukuk will be selected after consultation with the Shariah Adviser. To ensure strict compliance with Shariah requirements, the Shariah Adviser will review the information memorandum or the prospectus of the foreign sukuk for details regarding the Shariah approvals and fatwa certifying such sukuk. The Shariah Adviser will review the structure, contracts, assets and terms for the foreign sukuk issuance to ascertain if they comply with Shariah principles. For Islamic liquid assets, placement will be made in Islamic deposits and Islamic investment accounts with financial institutions licensed by Bank Negara Malaysia as well as investment in Islamic money market instruments issued by financial institutions licensed by Bank Negara Malaysia.

1.7 PURIFICATION PROCESS FOR THE FUND

Reclassification of Shariah status

Shariah-compliant equities which are reclassified to be Shariah non-compliant upon review of the equities by the SACSC or are removed from the approved Islamic indices will result in the Shariah non-compliant equities being disposed off. For the purpose of purification, if on the date of the pronouncement/review, the respective market price of Shariah non-compliant securities exceeds or is equal to the investment cost, such securities must be disposed off. Any dividends received up to the pronouncement/review day and capital gain arising from the disposal of the Shariah non-compliant equities, at the time of the pronouncement/review day can be kept. However, any dividends received and excess gains derived from the disposal of the Shariah non-compliant equities after the pronouncement/review day should be deposited into a separate account which is segregated from the Fund's account.

The Fund may channel such tainted income to baitulmal and/or charitable bodies as advised by the Shariah Adviser. The Fund may also at its discretion distribute the tainted income to the investors as soon as practically possible which shall be advised by the Shariah Adviser. Should such income be distributed to investors, the Manager will inform investors that it is the investors' obligation to purify it in accordance to Shariah principles upon receiving it from the Fund.

On the other hand, it is allowed to hold the investment in the Shariah non-compliant securities if the market price of the said securities is below the investment cost. It is also permissible to keep the dividends received during the holding period until such time when the total amount of dividends received and the market value of the Shariah non-compliant securities held are equal to the investment. At this stage, the holding must be disposed of.

Shariah non-compliant investment

Any Shariah non-compliant investments inadvertently made will be disposed off/withdrawn within a month of knowing the status of the investments. If the investment resulted in a gain (through capital gain and/or dividend) before or after the disposal of the investments, the gain will be channeled to baitulmal and/or any other charitable bodies as advised by the Shariah Adviser. If the disposal of the investment resulted in losses to the Fund, the losses are to be borne by the Manager.

1.8 ZAKAT FOR THE FUND

PeISITF does not pay zakat on behalf of Muslim individuals and Islamic legal entities who are investors of the Fund since doing so would not satisfy completely their zakat obligations. Such investors are thus required to pay on their own behalf.

1.9 CROSS TRADE POLICY

Cross trade transactions between funds managed by Public Mutual as part of the portfolio rebalancing process, may be undertaken if such transactions are deemed to be in the best interest of the funds and are transacted through a dealer or a financial institution on an arm's length and fair value basis.

2 FEES, CHARGES AND EXPENSES

2.1 CHARGES IMPOSED ON PURCHASE AND REDEMPTION OF UNITS

Sales charge and redemption charge (if any) that are to be levied on the purchase and redemption of units are computed based on the NAV per unit of the Fund that has not been rounded up.

Bank charges, courier charges and any other indirect charges as a result of purchase or redemption transactions will be borne by you.

Below are the charges that you may directly incur when purchasing or redeeming units of the Fund:

Sales charge per unit	<p>Purchase of units through UTCs, IUTA and the Manager.</p> <p><i>The Manager may at its discretion charge a lower sales charge based on the size of investment and/or other criterion as may be determined from time to time.</i></p> <p>Please refer to <i>page 22</i> for illustration on computation of sales charge.</p>	Up to 3.75% of NAV per unit.

2.2 FEES AND EXPENSES OF THE FUND

Operating a fund involves a variety of expenses for portfolio management, the manager's fee, trustee's fee, foreign custodian charges, auditor's fee, tax agent's fee and other administrative charges incurred in the administration of the Fund. These costs are paid out of the Fund's assets.

Below are the fees that you may indirectly incur when you invest in the Fund:

 Management fee	1.85% per annum of the NAV.
 Trustee fee	0.06% per annum of the NAV, subject to a minimum fee of RM18,000 and a maximum fee of RM600,000 per annum.

The annual management fee and trustee fee are calculated and accrued daily, and payable monthly to the Manager and trustee respectively.

Note: The above fees and charges may be subject to any applicable taxes and/or duties (if any) which are payable by you.

2.3 POLICY ON STOCKBROKING REBATES AND SOFT COMMISSIONS

The management company does not receive any form of rebates from any broker/dealer. The management company may receive goods or services which include research materials, data and quotation services and investment related publications by way of soft commissions provided they are of demonstrable benefit to the Fund and unitholders.

There are fees and charges involved and investors are advised to consider them before investing in the Fund.

3.1 DETERMINATION OF PRICES

Valuation Point

Valuation of PeISITF will be conducted after the close of business of Bursa Securities for the relevant day. As certain foreign markets in which the Fund may invest in have yet to close due to the different time zones of these countries, the valuation point may be extended to 9:00 a.m. (or any other such time as may be permitted by the relevant authorities from time to time) on the following day in which the Manager is open for business. As a result of having a valuation point later than 5:00 p.m., the daily prices of the Fund will not be published on the next Business Day but instead will be published the next following Business Day (i.e. the prices will be 2 days old).

NAV per Unit

The NAV per unit is obtained by dividing the NAV of the Fund by the number of units in issue.

Illustration:

Total NAV (RM) 352,625,000	÷	UIC (units) 1,410,500,000	=	NAV per unit (RM) 0.25000000
--------------------------------------	---	-------------------------------------	---	--

Single Pricing

Purchase and redemption of units are quoted and transacted at a single price, i.e. at the NAV per unit of the Fund. Sales charge and redemption charge (if any) are computed and charged separately, and are not incorporated in the quoted prices of the Fund.

Forward Pricing

Both the purchase and redemption transactions are traded at prices *next determined*. A request issued by you to purchase or redeem units of the Fund will be carried out at a price as at *the next valuation point after the application is received and accepted by the Manager*.

Investments banked in over the counter through Public Bank branches on any Business Day will be processed based on the price determined for the same Business Day.

Payment received before or at 4:00 p.m.

Processed based on the price determined for the same Business Day.

Payment received after 4:00 p.m.

Processed based on the price determined for the next Business Day.

Any investment and transaction requests made on a non-Business Day will be treated as investments or transaction requests made on the following Business Day.

Incorrect Pricing

In the event of any incorrect pricing of units of the Fund, the Manager shall take immediate remedial action where that incorrect pricing –

- (i) is equal or more than 0.5% of the NAV per unit; and
- (ii) results in a sum total of RM10.00 or more to be reimbursed to the affected unitholder for each purchase or redemption transaction.

Subject to any regulatory requirements, the Manager shall have the right to amend, vary or revise the abovesaid limits or threshold from time to time.

3.5 HOW TO REDEEM UNITS OF THE FUND

- Minimum units for redemption: 100 units.
- There is no restriction on the frequency of redemption.
- If you execute your redemption request using PMO and provide us with your bank account details, your redemption proceeds will be paid within 4 Business Days from the date of the redemption request (subject to bank clearance).
- If you complete and submit the redemption form on any Business Day to your nearest Public Mutual or Public Bank branch office or Public Mutual Head Office, your redemption proceeds will be paid within 10 days from our receipt of your request (or any other specified period as may be determined by the SC, the effective date of which shall be determined by the Manager).
- You may request for regular/periodic withdrawals subject to terms and conditions.

3.6 HOW TO SWITCH UNITS BETWEEN FUNDS

- Minimum units for switching: 1,000 units.
- During the initial offer period, switching of loaded units (i.e. units which have incurred a sales charge of 3% or more) into PeSITF is not allowed.
- After the initial offer period, you may switch your units between PeSITF and other funds under the Public e-Series of Funds and Public e-Series of Shariah-Based Funds on any Business Day subject to terms and conditions.
- You can execute your switching request via PMO or by completing and submitting the switching form to your nearest Public Mutual or Public Bank branch office or Public Mutual Head Office.
- The Manager reserves the right to reject any switching requests of unitholders of PeSITF if it is deemed to be disruptive to the efficient portfolio management or contrary to the best interest of the targeted funds. Switching requests that are rejected by the Manager would be treated as a redemption of units.
- Switching from an Islamic fund to a conventional fund is discouraged especially for Muslim unitholders.

3.7 HOW TO TRANSFER UNITS OF THE FUND

- Minimum units for transfer: 1,000 units.
- Complete and submit the transfer form to your nearest Public Mutual or Public Bank branch office or Public Mutual Head Office (subject to terms and conditions).

3.8 MINIMUM ACCOUNT BALANCE

- Minimum balance of 100 units must be maintained at all times to stay invested with the Fund.
- If partial redemption, switching or transfer of units result in less than 100 units being held in your account with the Fund, the Manager may redeem, switch or transfer the entire account.

3.9 COOLING-OFF RIGHT

- Applicable for first time investors of Public Mutual.
- Submit request to Public Mutual or Public Bank branch office or Public Mutual Head Office within 6 Business Days from the date of receipt of the investment application form and payment by Public Mutual.
- Full refund will be paid within 10 days from the date of exercise of this right.
- The refund for every unit held will be the sum of the price of a unit on the day the units were purchased and the sales charge imposed (and any applicable taxes and/or duties, if any) on the day the units were purchased (or any other such amount as may be determined by the SC from time to time, the effective date of which shall be determined by the Manager).

7.1 UNITHOLDERS' RIGHTS AND LIABILITIES

A unitholder is a person registered in the register as a holder of units or fractions of units in a fund which automatically accord him rights and interests in the fund.

Unitholders shall have the right in respect of the Fund in which they hold units, to the following:

- (a) to receive distributions of the Fund (if any) and participate in any increase in the capital value of the units.
- (b) to call for a unitholders' meeting, and to vote for the removal of the trustee or the Manager through an Extraordinary Resolution.
- (c) to exercise the cooling-off right, if applicable.
- (d) to receive annual and interim reports of the Fund.
- (e) to exercise such other rights and privileges as are provided for in the Deed.

No unitholder shall be entitled to require the transfer to him of any of the assets comprised in the Fund or be entitled to interfere with or question the exercise by the trustee or the Manager on his behalf of the rights of the trustee as owner of such assets.

No unitholders shall by reason of the provisions of the Deed and the relationship created thereby between the unitholders, the trustee and the Manager be liable for any amount in excess of the purchase price paid for the unit, and shall not be under any obligation to indemnify the trustee and/or the Manager in the event that the liabilities incurred by the trustee and the Manager in the name of or on behalf of the Fund pursuant to and/or in the performance of the provisions of the Deed exceed the assets of the Fund, and any right of indemnity of the trustee and/or Manager will be limited to recourse to the Fund.

7.2 MAXIMUM FEES AND CHARGES PERMITTED BY THE DEED

Management fee

2.0% per annum of the NAV.

Trustee fee

Not exceeding 0.06% per annum, calculated daily on the NAV, but subject to any minimum fee (inclusive of the custodian fee) per annum and/or maximum fee (inclusive of the custodian fee) per annum as shall be agreed upon by the Manager and the trustee.

Sales charge

7% of the NAV per unit.

Redemption charge

3% of the NAV per unit.

A lower fee and/or charges than what is stated in the Deed may be charged. All current fees and charges are disclosed in the Prospectus.

Any increase of the fees and/or charges above that stated in the current Prospectus may be made provided that a supplemental prospectus is issued and the maximum stated in the Deed shall not be breached.

Any increase of the fees and/or charges above the maximum stated in the Deed shall require unitholders' approval.

All the above fees and charges may be subject to applicable taxes and/or duties (if any). The Manager shall charge and the unitholder shall pay the amount of any applicable tax and/or duties imposed on any transaction requested by the unitholder.

7.3 PERMITTED EXPENSES PAYABLE OUT OF THE FUND

Only expenses directly related and necessary in operating and administering a fund may be paid out of the fund. The major expenses that are recoverable directly from the Fund include:

- (i) commission and/or fees paid to brokers in effecting dealings in the investments of the Fund, shown on the contract notes or confirmation notes or difference accounts;
- (ii) (where the foreign custodial function is delegated by the trustee for foreign markets investment), charges/fees paid to the sub-custodian;
- (iii) tax and other duties charged on the Fund by the government and other authorities;
- (iv) the fee and other expenses properly incurred by the auditor and all professional and accounting fees and disbursements approved by the trustee;
- (v) fees for the valuation of any investment of the Fund by independent valuers for the benefit of the Fund;
- (vi) costs incurred for the modification of the Deed other than those for the benefit of the Manager or the trustee;
- (vii) costs incurred for any meeting of unitholders other than those convened by the Manager or trustee for its own benefit;
- (viii) the costs of printing and dispatching to unitholders the accounts of the Fund, tax certificates, distribution warrants, notices of meeting of unitholders, newspaper advertisement and such other similar costs as may be approved by the trustee; and
- (ix) any other expenses properly incurred by the trustee in the performance of its duties and responsibilities.

7.4 RETIREMENT, REMOVAL AND REPLACEMENT OF THE MANAGER

The Manager may retire upon giving 12 months notice to the trustee of its desire to do so, or such shorter period as the Manager and the trustee shall agree upon, in favour of some other corporation.

The Manager may be removed and another corporation appointed as manager by Extraordinary Resolution of the unitholders at a unitholders' meeting convened in accordance with the Deed either by the trustee or the unitholders.

The trustee shall take reasonable steps to remove and replace the Manager as soon as practicable after becoming aware of any such circumstances:

- (a) An Extraordinary Resolution to that effect has been duly passed by the unitholders at a meeting called for that purpose;
- (b) The Manager is in breach of its obligations under the Deed;
- (c) The Manager has failed or neglected to carry out its duties to the satisfaction of the trustee and the trustee considers that it would be in the interests of unitholders for it to do so, after the trustee has given notice and reasons and has considered any representations made by the Manager in respect of that opinion, and after consultation with the relevant authorities and with the approval of the unitholders; or
- (d) The Manager has gone into liquidation (except a voluntary liquidation for the purpose of amalgamation or reconstruction or some similar purpose) or has had a receiver appointed or has ceased to carry on business,

and the Manager shall not accept any extra payment or benefit in relation to such removal or replacement or retirement.

In any of the cases aforesaid the Manager for the time being shall upon receipt of such notice by the trustee cease to be the Manager and the trustee shall by writing under its seal appoint some other corporation to be the Manager of the Fund subject to such corporation entering into a deed or deeds with the trustee and thereafter act as Manager during the remainder period of the Fund.

7.5 RETIREMENT, REMOVAL AND REPLACEMENT OF THE TRUSTEE

The trustee may retire upon giving 12 months notice to the Manager of its desire to do so, or such shorter period as the Manager and the trustee shall agree upon, and may appoint a new trustee in his stead or as additional trustee.

The Manager shall take reasonable steps to remove and replace a trustee as soon as practicable after becoming aware of any such circumstances:

- (a) The trustee has ceased to exist;
- (b) The trustee has not been validly appointed;
- (c) The trustee is not eligible to be appointed or to act as trustee under section 290 of the CMSA 2007;
- (d) The trustee has failed or refused to act as trustee in accordance with the provisions or covenants of the Deed or the provision of the CMSA 2007;
- (e) A receiver is appointed over the whole or a substantial part of the assets or undertaking of the existing trustee and has not ceased to act under the appointment, or a petition is presented for the winding up of the existing trustee (other than for the purpose of and followed by a reconstruction, unless during or following such reconstruction the existing trustee becomes or is declared to be insolvent); or
- (f) The trustee is under investigation for conduct that contravenes Trust Companies Act 1949, the Trustee Act 1949, the Companies Act 2016 or any securities law.

In addition to the above, the trustee may be removed and another trustee appointed by Extraordinary Resolution of the unitholders at a unitholders' meeting convened in accordance with the Deed either by the Manager or the unitholders.

7.6 TERMINATION OF THE FUND

A fund may be terminated or wound-up upon the occurrence of any of the following events:-

- (a) the SC's authorisation to withdraw under Section 256E of the CMSA 2007;
- (b) an Extraordinary Resolution is passed at a unitholders' meeting to terminate or wind-up that Fund, following the occurrence of events stipulated under Section 301(1) of the CMSA 2007 and the court has confirmed the resolution, as required under Section 301(3) of the CMSA 2007;
- (c) an Extraordinary Resolution is passed at a unitholders' meeting to terminate or wind-up the Fund; or
- (d) the effective date of an approved transfer scheme, as defined under the SC Guidelines, has resulted in the Fund, which is the subject of the transfer scheme, being left with no asset/property.

7.7 UNITHOLDERS' MEETING

A unitholders' meeting may be called by the Manager, trustee and/or unitholders. Any such meeting must be convened in accordance with the Deed and/or the SC Guidelines.

Every question arising at any meeting shall be decided in the first instance by a show of hands unless a poll is demanded or if it be a question which under the Deed requires an Extraordinary Resolution, in which case a poll shall be taken. On a show of hands every unitholder who is present in person or by proxy shall have one vote.

The quorum for a meeting of unitholders of a fund is 5 unitholders of that fund, whether present in person or by proxy, provided always that for a meeting which requires an Extraordinary Resolution the quorum for that meeting shall be 5 unitholders, whether present in person or by proxy, holding in aggregate at least 25% of the units in issue for that fund at the time of the meeting. If the fund has 5 or less unitholders, the quorum required shall be 2 unitholders, whether present or by proxy and if the meeting requires an Extraordinary Resolution the quorum for that meeting shall be 2 unitholders, whether present in person or by proxy, holding in aggregate at least 25% of the units in issue for that fund at the time of the meeting.

Dear Sirs

Re: Taxation of the Fund and Unit Holders

This letter has been prepared for inclusion in this First Prospectus of Public e-Islamic Innovative Technology Fund in connection with the offer of units in the Public e-Islamic Innovative Technology Fund ("the Fund").

Taxation of the Fund

Income Tax

The Fund is a unit trust for Malaysian tax purposes. The taxation of the Fund is therefore governed principally by Sections 61 and 63B of the Income Tax Act, 1967 ("the Act").

Subject to certain exemptions, the income of the Fund in respect of investment income derived from or accruing in Malaysia is liable to income tax at the rate of 24% effective Year of Assessment ("YA") 2016.

Gains from the realisation of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to tax in the country from which it is derived.

Under Section 2(7) of the Act, any reference to interest in the Act shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah.

Gains or profits earned by the Fund from the following are exempt from tax: -

- any savings certificates issued by the Government; or
- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia; or
- a bank or financial institution licensed under the Financial Services Act 2013 or Islamic Financial Services Act 2013^{N1}; or
- any development financial institution regulated under the Development Financial Institutions Act 2002^{N1}; or
- sukuk originating from Malaysia, other than convertible loan stocks, issued in any currency other than Ringgit and approved or authorized by, or lodged with, the Securities Commission, or approved by the Labuan Financial Services Authority^{N2}.

The Fund may receive dividends, interest and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia by a resident unit trust is exempt from Malaysian income tax. However, such income may be subject to tax in the country from which it is derived.

Discounts earned by the Fund from the following are also exempt from tax: -

- securities or bonds issued or guaranteed by the Government; or
- debentures or sukuk, other than convertible loan stock, approved or authorized by, or lodged with, the Securities Commission; or
- Bon Simpanan Malaysia issued by the Central Bank of Malaysia.

^{N1} Effective from 1 January 2019, the exemption shall not apply to the interest paid or credited to a unit trust that is a wholesale fund which is a money market fund.

^{N2} Effective from YA 2017, income tax exemption shall not apply to interest paid or credited to a company in the same group, licensed banks and prescribed development financial institutions.

Single tier Malaysian dividends received by the Fund are exempt from tax and expenses in relation to such dividend income are disregarded.

Tax deductions in respect of the Fund's expenses such as manager's remuneration, expenses on maintenance of register of unit holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage ("permitted expenses") are allowed based on a prescribed formula subject to a minimum of 10% and a maximum of 25% of the total permitted expenses.

Real Property Gains Tax ("RPGT")

Gains on disposal of investments by the Fund will not be subject to income tax in Malaysia. However, such gains may be subject to RPGT in Malaysia, if the gains are derived from sale of Malaysian real properties and shares in Malaysian real property companies (as defined). Such gains would be subject to RPGT at the applicable rate depending on the holding period of the chargeable assets.

Sales Tax and Service Tax

The Goods and Services Tax ("GST") has been replaced by Sales Tax and Service Tax effective from 1 September 2018.

Under the Sales Tax Act 2018, Service Tax Act 2018 and subsidiary legislation, the sales tax rate for taxable goods is 5% or 10% while the service tax rate for taxable services is generally 6%. There are certain goods which are exempted from sales tax.

The issue, holding or redemption of any unit under a trust fund does not fall within the list of taxable services under the First Schedule of the Service Tax Regulations 2018 and hence, is not subject to service tax. The investment activities of the Fund such as buying and selling of securities and deposits in financial institutions are also not subject to service tax. As such, if the Fund is only deriving income from such activities, the Fund is not liable to be registered for service tax.

However, certain expenses incurred by the Fund such as legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007. The service tax incurred by the Fund is a cost to the Fund and is not recoverable, unlike the GST input tax which is claimable under the GST regime.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

Taxation of Unit Holders

Income Tax

Unit holders are taxed on an amount equivalent to their share of the total taxable income of the Fund, to the extent that this is distributed to them. The income distribution from the Fund may carry with it applicable tax credits proportionate to each unit holder's share of the total taxable income in respect of the tax paid by the Fund. Unit holders will be entitled to utilise the tax credit as a set off against the tax payable by them. Any excess over their tax liability will be refunded to the unit holders. No other withholding tax will be imposed on the income distribution of the Fund.

Corporate unit holders, resident or non-resident in Malaysia, would be taxed at the corporate tax rate of 24% (effective from YA 2016), on distributions of income from the Fund to the extent of an amount equivalent to their share of the total taxable income of the Fund. Corporate unit holders in Malaysia with paid-up capital in the form of ordinary shares of RM2.5 million and below will be subject to a tax rate of 17% on chargeable income of up to RM600,000, effective from YA 2020. This concessionary income tax rate is given only to corporate unit holders having gross business income for the relevant year of assessment of not more than RM50 million, in addition to the share capital requirement. For chargeable income in excess of RM600,000, the tax rate of 24% is still applicable.

However, the said tax rate of 17% on chargeable income of up to RM600,000 would not apply if more than 50% of the paid up capital in respect of ordinary shares of that corporate unit holder is directly or indirectly owned by a related company which has a paid up capital exceeding RM2.5 million in respect of ordinary shares, or vice versa, or more than 50% of the paid up capital in respect of ordinary shares of both companies are directly or indirectly owned by another company.

Individuals and other non-corporate unit holders who are resident in Malaysia will be subject to income tax at scale rates. The scale tax rates range from 0% to 30% with effect from YA 2020.

Individuals and other non-corporate unit holders who are not resident in Malaysia, for tax purposes, are subject to Malaysian income tax at the rate of 30% with effect from YA 2020. Non-resident unit holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdiction.

The distribution of single-tier Malaysian dividends and tax exempt income by the Fund will not be subject to tax in the hands of the unit holders in Malaysia. Distribution of foreign income will also be exempt in the hands of the unit holders.

Units split by the Fund will be exempt from tax in Malaysia in the hands of the unit holders.

Any gains realised by the unit holders (other than financial institutions, insurance companies and those dealing in securities) from the transfer or redemption of the units are generally treated as capital gains which are not subject to income tax in Malaysia. However, certain unit holders may be subject to income tax in Malaysia on such gains, due to specific circumstances of the unit holders.

Sales Tax and Service Tax

Only taxable services listed in the First Schedule of the Service Tax Regulations 2018 are subject to service tax, which exclude investment income or gains.

However, legal fees, consultancy fees and management fees may be subject to service tax at 6%. For management fees, this specifically excludes fees charged by any person who is licensed or registered with the Securities Commission for carrying out the regulated activity of fund management under the Capital Markets and Services Act 2007.

Based on the Finance Act 2018, the imposition and scope of service tax has been widened to include any imported taxable service. This is effective from 1 January 2019.

The tax position is based on our understanding and interpretation of the Malaysian tax legislations and proposals as they stand at present. All prospective investors should not treat the contents of this letter as advice relating to taxation matters and are advised to consult their own professional advisers concerning their respective investments.

Yours faithfully
