

Capitalise on the High Growth Potential of Mid- and Small-Cap Stocks with Public Select Treasures Equity Fund

Public Bank's wholly-owned subsidiary, Public Mutual is launching a new fund, Public Select Treasures Equity Fund (PSTEF) on 22 July 2015. The Fund is positioned to achieve high capital growth over the medium- to long-term period by investing in a portfolio of investments comprising medium- and small-sized companies in terms of market capitalisation from diversified economic sectors.

Public Mutual's Chief Executive Officer, Ms. Yeoh Kim Hong said, "The larger mid-cap companies generally have established earnings track record and are major players in their respective industries while small-cap stocks offer potentially higher growth opportunities due to their smaller earnings base. PSTEF combines the best of both worlds and provides investors with the ideal opportunity to capitalise on the prospective high growth potential of mid- and small-cap stocks."

Its equity content in terms of Net Asset Value (NAV) will range between 75% and 98% of the NAV of the Fund. Up to 25% of the Fund's NAV may be invested in foreign markets, therefore offering investors wider diversification opportunities.

The Fund is suitable for investors who have a medium- to long-term investment horizon and are looking to invest in medium- and small-sized companies listed on Bursa Malaysia.

PSTEF's initial issue price is **RM0.2500 per unit** during the 21-day initial offer period from **22 July to 11 August 2015**. The minimum initial investment for the Fund is RM1,000 and the minimum additional investment is RM100. Furthermore, during the period of **22 July to 11 August 2015**, investors who opt for **Direct Debit Instruction** with PSTEF will enjoy a promotional sales charge of 5.25% of NAV per unit for as long as the Direct Debit is active. Terms and conditions apply.
