CHAMPION PROFILE

Muhammad Hafiqul Aiman bin Hazamuddin has been crowned the Top UTC – Agency Manager, having achieved qualified group sales of RM34,468,457. He views this achievement not merely as a milestone, but as a responsibility to lead better, scale greater success, and empower more individuals to win together.

“Consistency is everything in this business as I firmly believe that success is built on small actions repeated daily. Beyond that, I make it a priority to stay connected while actively tracking both personal and team performance.

A key mindset shift for me was realising that leadership is not just about guiding others, but about leading by example. This changed my perspective from “How can I succeed?” to “How can I help people succeed?” – because true growth happens when your team grows with you. My advice for those aspiring to make it big in the industry is this: Stepping out of your comfort zone is essential. And you should always pair discipline with consistency in everything you do.”
